Heart beats fast, colors and promises
How to be brave? How can I love when I'm afraid to fall?
But watching you stand alone
All of my doubt suddenly goes away somehow
One step closer
I have died every day waiting for you
Darling, don't be afraid
I have loved you for a thousand years
I'll love you for a thousand more

Time stands still, beauty in all she is
I will be brave, I will not let anything take away
What's standing in front of me
Every breath, every hour has come to this
One step closer
I have died every day waiting for you
Darling, don't be afraid
I have loved you for a thousand years
I'll love you for a thousand more

And all along, I believed I would find you
Time has brought your heart to me
I have loved you for a thousand years
I'll love you for a thousand more
One step closer
One step closer

I have died every day waiting for you
Darling, don't be afraid
I have loved you for a thousand years
I'll love you for a thousand more
And all along, I believed I would find you
Time has brought your heart to me
I have loved you for a thousand years
I'll love you for a thousand more
